Painted Collection *Shown in* ***Sage & Taupe*** *(see page 14 for full Paette of Colours)* - Timber Door

The kitchen is the functional centre of the home, but at the same time the kitchen can be aesthetically pleasing, personalised and fashionable.

Drawing on many years experience, we have created a brochure showing a range of kitchens which is a collection for todays variety of living.

For those requiring a comfortable timeless appearance, we have featured traditional designs, and for those at the other end of the fashion scale we show the very latest in creative contemporary kitchens.

Using natural sustainable woods and modern building materials, we have created a range of kitchens catering for all tastes with an emphasis on quality.

Our attention to detail is represented in the way all our kitchen show door handles, which have been specifically selected to complement the overall design effect.

To see our full ranges of quality Kitchens, get your new & free 3D-Solutions APPs with specially created brochures for iPad, iPhone, android tablets and android phones. Specially developed to fit perfectly in the screen of your mobile devices. Just enter "3D-solutions" in the search bar on 'Google Play' for Android, or 'iTunes App store' for Apple.

**Please note that all APPs are updated more frequently than printed brochures & have less limitations and therefore provide a more comprehensive and accurate collection.*
